PROFILE

Experienced Front-End Developer with 2 years 4 months of expertise in React and Angular, motivated to transition into a Full Stack Developer role. Proficient in crafting engaging user interfaces, I am well-versed in both front-end and back-end technologies. My skills include SQL database design and management, as well as server-side development using Node.js. Eager to leverage this knowledge to create seamless, end-to-end web solutions that drive innovation and enhance user experiences.
